Dear Mr. Purkait,

It was indeed a wonderful experience for both our students and faculty to participate in the NETCAMP Industry-Oriented Training Program 2025, an interactive training program on Network Management and Web Development, conducted by you from 30th July 2025 to 23rd August 2025, at our institute. The program catered to graduates and postgraduates, including students from Engineering and Computer Application.

The sessions provided our students with valuable exposure, enhancing both their theoretical understanding and practical application of the concepts. Your engaging delivery and efforts in simplifying complex topics were highly appreciated.

We extend our sincere gratitude for your contribution and look forward to organizing more such collaborative sessions in the future.

Thanking You
